

Non-profit Partnerships

Nurses as key drivers of change. Under this motto an international company of nurses, researchers, teachers, and policy makers will focus on Future Proof Nursing, from 4-7 October 2022.

There is an urgent need for change. The healthcare landscape is rapidly changing. A big factor is advancing technology. How do we keep control? The shortages of nurses are becoming a serious problem in many societies. Boundaries between hospitals and home care become blurred. Ethical and juridical questions demand our attention. Not to mention the changing climate, and the role nurses can play in diminishing the carbon footprint of the care they provide.

For all these urgent matters possible answers and solutions will be discussed at length during ENC22, a virtual event with local hubs. Please visit www.enc22.eu for the preliminary program and the keynote speakers we have hitherto engaged.

We would like to cordially invite you to become a ENC22 partner.

ENC22 partners:

- Give their employees access to the most recent developments in their profession
- Participate in an international, dynamic and high tech virtual forum
- Dispose of made to measure features, such as their own powerful knowledge session, video commercial and local, regional or national hub
- Contribute to future proof nursing and therefore quality health care
- Show they are committed to advocating for, elevating and empowering nurses to be Key Drivers of Change

Please find below a brief overview of the possibilities.

I would be delighted to discuss them in more detail with you.

Johan Lambregts,
Project Leader

Partnerships ENC22

Hub partnerships

ENC22 offers the opportunity to organize your own hub, within the congress program. Your guests (colleagues, students, external parties) attend your exclusive event and join 60 minutes of interactive keynote presentation(s). You gather in your own conference room where the livestream can be watched. Afterwards you can organize your Q&A debate or symposium, closed by an informal reception.

| Hub partnership | € 2.500,- |
|---|-----------|
| Hub | 1 |
| Keynotes (invited by ENC22 Scientific Committee) | 1-2 |
| Tickets on site visitors | 50 |
| Tickets online visitors (value € 175,- pp) | 20 |
| Logistics conference room and catering not included | - |
